

MINUTES

of the

Annual Meeting Between The State Engineer's Office and the

George Creek Water User's Association

A meeting of the State Engineer and the George Creek Water User's Association was held March 26, 1968 at 11:00 a.m. in the Yost Ward Hall of the L.D.S. Church, Yost, Utah.

Dee C. Hansen of the State Engineer's office made a few brief opening remarks and then turned the meeting over to Yale Montgomery, Chairman of the George Creek Water User's Association. Chairman Montgomery asked for the reading of the minutes of the 1967 meeting. Rollo J. Kimber stated that there was an error in the minutes where they stated that the Harold Oman weir still did not have a measuring device. This was corrected to read that Harold Oman did not have a proper diversion works and that his measuring device was satisfactory. Chairman Montgomery then stated that if there were no further corrections, the 1967 minutes would stand approved as corrected.

Chairman Montgomery then asked for a hearing of the financial report for 1967. This was given by Dee C. Hansen of the State Engineer's office.

Commissioner Darwin Thompson gave his report for the 1967 irrigation season. Following the Commissioner's report motion was made by Wallace Spencer, and seconded by Rollo J. Kimber that the Commissioner's report be accepted and approved. Mr. Wallace Spencer complimented Commissioner Thompson for the fine report he had presented.

The third order of business was preparing a budget for anticipated expenses of the 1968 season. This was set as: Commissioner's contractual services - \$1200.; Bond and Insurance premiums - \$15.; Miscellaneous - \$10. Total 1968 Budget was set at \$1225., and it was decided to access \$1200. for the 1968 season. Motion was made by Wallace Spencer and seconded by Kenneth Richins that the budget be approved as set up. The vote was unanimous, and the budget was set at the above figure.

The fourth item of business was the George Creek Water User's recommendation for a commissioner for the 1968 season. Darwin Thompson was recommended, and presented for approval to the State Engineer's office. Dee C. Hansen of the State Engineer's office stated that they would be happy to accept Darwin as commissioner for the 1968 season.

The final order of business was opening of the meeting for discussion of the problems concerning the distribution of waters on the George Creek system. There were many problems discussed concerning measurement devices, who should be responsible for installing these devices and how the water should be handled during periods of high water. It was agreed that the George Creek Irrigation Company would call a board meeting in an attempt to resolve many of the problems discussed.

It was determined by the water users that any time during the non-irrigation season that it was necessary for the commissioner to make a special trip to adjust the works because they had been tampered with, a charge of \$10. would be assessed against the individual tampering with the works, and would be paid to the commissioner in the following year. This would be in addition to his contractual agreement of \$1200.

The meeting was adjourned at 1:30 p.m.

Attending the meeting were:

Dee C. Hansen
Wallace B. Spencer
Rollo J. Kimber
Darwin Thompson
Kenneth Richins
Yale Montgomery
Thomas Teeter
